RE: 1000 Gallon Dose Tank, 1500, and 2000 Gallon Septic Tank Application
Approval

Dear Mr. Sweet:

My staff and I have reviewed your company's submittal to distribute the 1000 gallon dose tank, 1500, and 2000 gallon septic tanks in Hamilton County, Ohio. We thank you for your application and the thorough documentation that you provided. Based on the information that was provided, we have approved these products for use in Hamilton County, Ohio. Our review was based upon Hamilton County Sewage Regulation 529, as well as, the Hamilton County Sewage Treatment System Installation and Specification Manual.

Please be advised that your company must supply a copy of the approved installation literature, the installation checklist, and the high water table signoff form with each tank sold. Should you have any questions, feel free to contact me at 946-7866.

Sincerely,

Christopher M. Griffith, R.S.
Director of Water Quality
